Abstract

The GANAS Career Pathways grant strives to support Latinx, low-income, and underrepresented students by removing barriers that impede their success at UCSC and **preparing** them for **rewarding** careers once they **graduate**. The goals were developed to improve students’ academic and career outcomes while building UCSC’s institutional capacity to increase racial equity and eliminate equity disparities.

* Title V Part A Developing Hispanic-Serving Institutions (DHSI) Program provides grants to assist HSIs to expand educational opportunities for, and improve the attainment of, Hispanic students. These grants also enable HSIs to expand and enhance their academic offerings, program quality, and institutional stability.
